

31 MARCH – 4 APRIL 2025

SHAPING THE FUTURE WITH TECHNOLOGY

WORLD. LEADING. INDUSTRYSHOW.

MOTION+DRIVES GROUP PAVILION

INTERNATIONAL PROFESSIONALS JOIN FORCES AT HANNOVER MESSE

The strong part of the **drive and fluid technology** is back at HANNOVER MESSE 2025!!

The world's biggest concentration of suppliers of power transmission and fluid technology, components and systems will be featured in Hannover from 31 March to 4 April.

With our **Motion+Drives Pavilion** - located within the surrounding of Automation applications and Robotics - we offer dealers and manufacturers of drive components, fluid and control technology an excellent opportunity to participate in the world's leading industry trade show.

As exhibitor of our **Motion+Drives Pavilion** you put your company in the spotlight to present your own company profile with minimal effort, what saves time and reduces costs. You can generate new contacts in an ideal industrial setting and can cultivate and discuss the challenges ahead that will arise in the coming years.

Furthermore, all exhibitors have access to the **M+D Lounge**, where they can relax, network with colleagues and hold one-on-one meetings with potential customers. Complimentary beverages (hot and cold) and snacks will be available throughout the event. Exhibitors represented at the **Motion+Drives Pavilion** automatically benefit from the effective iMotion and marketing activities and HANNOVER MESSE Public Relations.
